### **Deficiencies and Corrective Actions Status Report**

**6. Deficiency:** The Yolo County Area Plan has not been revised since 2001.

**CUPA Corrective Action:** Some additional progress has been made since the last status report; section two of the draft area plan (of four sections) is complete. I have set aside a significant amount of time to work on the plan this December, and that should allow me to make significant progress in the near future. Let me know if you would like drafts of the first two sections, or if you want me to sent the complete draft in January.

Thank you for giving us the opportunity to update CalEPA on our progress correcting noted deficiencies. If you need additional information, please don't hesitate to contact me.
